

Field Trip—None Scheduled For March

The field trip planned for March is Galveston Strand Historic District. If you are interested in coordinating this field trip, or you have another idea and are willing to organize it, contact Bill Burychka.

Workshop—March 20**Splash Photography**

The March workshop will examine splash photography.

Bring your camera, a tripod, and a flash. The lens should be one that allows your camera to stay away from splashes—maybe a 100 mm or longer. Bring some things you would like to photograph. For example, you could drop fruit or other objects into a glass or fishbowl, or pour water over an object. Spend some time thinking of the splashes you want to create.

Be sure to bring a pan to capture spills and a towel to wipe them up. You can also bring colored liquids, foams, or gels. We'll supply the water!

Wearing an apron or old clothing is advisable.

This will be an opportunity to collectively share ideas and techniques. Come prepared for some fun while you are learning.

2018 GSCCC Convention

The 2018 GSCCC Convention will be held April 19—21 in New Iberia, LA. The convention is filled with opportunities for photography. Several field trips have been announced. There will be an evening with models posing in lovely gardens. Other photography activities will be available during the convention. Good speakers will be presenting a variety of subjects. One or more equipment vendors will be on site, and someone will be available to purchase used equipment.

This is an opportunity to build your photography skills in a variety of ways. The organizers of the convention have focused on making this a very affordable three days. A special hotel rate has also been arranged.

Put this on your calendar, register and make hotel reservations, and join other HCC members for a fun few days. More information on the convention and how to register can be found at

We hope to see you there.
