Workshop — Lightroom Features

November 15—By Video Conference—6:30

Our presenter, **Ramiro Sanchez**, will explain and demonstrate the similarities—and differences—between Photoshop's Camera Raw and Lightroom features. This will be helpful for both new Lightroom users and Photoshop people looking at alternatives. He'll also provide some basics of Lightroom as a file management tool and printing issues with Lightroom and Canon printers. Finally, Ramiro plans to address updates from the October Adobe release with examples of their application.

Check your email for a link to the meeting a few days before of the meeting. See you then.
